THE HONOR SOCIETY OF
PHI KAPPA PHI
National Office

October 27, 2026

To Whom It May Concern:

It is my pleasure to inform you that Amirhossein Eskorouchi is a member of The Honor Society of Phi Kappa Phi. Founded in 1897, Phi Kappa Phi is the nation's oldest and most selective all-discipline honor society. Its chapters are on more than 300 select college and university campuses in the United States, its territories and the Philippines.

Membership in Phi Kappa Phi recognizes and rewards academic success, and standards for election are extremely high. Because Phi Kappa Phi is highly selective, membership is a stamp of excellence that is recognized by graduate and professional school admissions committees and employers alike.

Amirhossein's initiation date is November 22, 2026, and they were initiated at Mississippi State University based on a record of academic excellence. Membership in Phi Kappa Phi is earned-admission is by invitation only and requires nomination and approval by a chapter-and is extended to college juniors who rank in the top 7.5% of their class and to seniors and graduate students in the top 10%, as well as to outstanding faculty, professional staff, and alumni who achieve scholarly distinction.

Phi Kappa Phi's international community is a unique blend of students, academicians, and corporate and civic leaders from all fields of endeavor. Upon acceptance of the Society's invitation to membership, Amirhossein joined the ranks of an organization whose members include United States presidents, Nobel Prize winners, and chief executive officers of some of the nation's leading corporations.

I invite you to visit our website, www.PhiKappaPhi.org, for more information about the Society, its mission, and its members.

Sincerely,

Jamie Chapman

Jamie Chapman, MBA, CAE
